

of the New York Security and Trust Company was taking place at this time.

"Now, prior to the end of 1901 the trustees of the New York Security and Trust Company held 5005 shares, that is, a majority of the 10,000 shares."

"Yes."

"Well, in March 1904, when the total stock of the company was increased to 30,000 shares, were the holdings of the trustees increased?"

"No."

Witness was then led through the change of the name of the trust company and admitted that three accounts with the old company were closed and four opened with the new one. When the money was withdrawn from the New York Security and Trust Company it was deposited with the First National Bank. This admission was elicited from the witness after much pressure.

In reply as to interest paid by the various banks where the insurance company had deposits, Mr. Randolph said all of the banks paid 2 per cent, except the bank of Montreal, which paid 2 1/2.

HAD HAD SECURITIES.

In discussing the syndicate in hand, the New Orleans Railroad securities, when transaction was closed out in 1904, Mr. Randolph referred to a syndicate being organized, which was unforeseen by the New York Life when the securities were taken up.

Witness also said that some parties in the company had expected to join in handling the securities but had failed to do so, but then asked the names refused to give them.

This closed the inquiry, but Asst. Attorney General, who was in the room, said to the witness before adjourning the sitting: "Some of the committee are not satisfied with your failure to give the names of those who participated in the joint profit deals."

In answer to a question asked Mr. Randolph, "that it is an entirely confidential matter; there was no intrusion on the part of anybody of our faith."

PRUSSIA HAS SUSPICIONS.

The removal of the preferred stock of the Chicago, Milwaukee and St. Paul Railroad at the request of the Prussian government, which was under discussion at the last session, again taken up. Mr. Randolph testified Friday that when the time had come to remove the stock, his assets were turned over to the New York Trust Company as collateral.

For a loan, for which were given by George Marshall, the colored business employed in the office of the company at \$500 a year. The trust company was owned by the insurance company.

Mr. Randolph declared: "It is a recognized custom in financial concerns to have dummy names. I am sorry the name of George Marshall has been brought into ridicule. On this transaction we carried it as the name of the company and made an additional \$200,000 for the policyholders."

The transfer of the Chicago and Northwestern stock from the life insurance company to the Prussian government, and was also reviewed.

NO RECORD KEPT.

Mr. Randolph said there were no records on the books of the finance committee of the insurance company referring to the loans made Marshall and another employee named Madison. He stated also that he did not make any deliveries of the stock. Mr. Randolph said that the sale of the Chicago and Northwestern stock was recorded in the books of the company and that the New York Life Insurance Company received \$1,250,000, which was deposited with the New York Security and Trust Company.

Regarding both the Chicago and Northwestern stock and the Chicago, Milwaukee and St. Paul, Mr. Hughes asked: "You kept records of the stock after it went off your books so as to make any profit you could?"

"Yes."

Taking up the non-leader assets, Mr. Randolph said they did not appear on the ledger, but they were right in a card index. A card for each index showed the record and sale of 2100 shares of Erie Railroad stock, which was introduced as evidence. This card, it was brought out, was the only record of this transaction. Cornelius C. White, deputy auditor of the New York Trust Company, was the last witness called. He said the \$210,000 received for the Erie stock was credited to the Hanover Bank office of the insurance company.

UNION PACIFIC EASY.

Mr. Randolph again on the stand, said that five thousand shares of Union Pacific Railroad stock received as bonus for underwriting, never appeared as a ledger asset, at cost nothing.

WITTE STARTS FOR RUSSIA.

Makes Farewell Call Upon Japanese Envoys.

Jewish Bankers Get Satisfaction of Him.

Irish Also on Hand With Some Green Flags.

(BY THE ASSOCIATED PRESS—P.M.)

MILAN, Sept. 12.—[Exclusive Dispatch.] Milan's section of the International Peace Society has sent the following telegram, in Latin, to President Roosevelt.

"Having obtained peace for the world, it brings to you and your people the greatest glory."

NEW YORK, Sept. 12.—The Russian peace commissioners started on the return to St. Petersburg today. The party, headed by Sergius Witte, sailed on the steamer Kaiser Wilhelm II at 3 o'clock this afternoon.

Before leaving the city, M. Witte and Baron Rosen made a farewell call upon the Japanese diplomats, who expect to leave for home later in the week. Baron Komura was unable to see the Russians because of his illness, but through Minister Takahira he sent them a cordial message of farewell.

In addition to M. Witte, the party sailing on the Kaiser Wilhelm II included Gregory Witek, financial agent of the Russian government to the United States. Before leaving the hotel M. Witte shook hands with some of the hotel attaches with whom he had been brought in contact.

M. Witte also shook hands with some of the members of the Japanese party entertained the Russians for half an hour. In addition to M. Witte, the party sailing on the Kaiser Wilhelm II included Gregory Witek, financial agent of the Russian government to the United States.

Before leaving the hotel M. Witte shook hands with some of the hotel attaches with whom he had been brought in contact. M. Witte also shook hands with some of the members of the Japanese party entertained the Russians for half an hour.

could furnish any ground for believing the report. The dispatch, however, added that the other members of the Japanese mission considered the report to be entirely unfounded.

Notwithstanding his weakened condition, the Baron is determined to leave New York Thursday to begin his homeward trip, as originally planned.

WILD GUESS FROM TIEN-TSIN. (BY THE ASSOCIATED PRESS—A.M.)

ROME, Sept. 12.—The Tribune today publishes a rumor from Tien-Tsin to the effect that the family of Baron Komura has been assassinated.

[In view of the fact that the recent details in dispatches of his secret residence in Tokyo have apparently been uncorroborated, it is not believed that the above rumor is well founded. The fact that it originated in Tien-Tsin would also tend to discredit it, as Tien-Tsin is not favorably located for the receipt of important news from Japan at first hand.—The Associated Press.]

CZAR DECORATES MURPHY. (BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, Sept. 12.—Charles J. Murphy, formerly a foreign agent of the Department of Agriculture, yesterday received from Emperor Nicholas the decoration of the Order of St. Stanislaus, given him as a reward for his services in behalf of Russia's peasants during the famine of 1901. When foreign agents of the Russian government are moved for sending shipments of corn to Russia.

GEN. MADRIKOFF REPULSED. (BY THE ASSOCIATED PRESS—P.M.)

TOKIO, Sept. 12.—A report from the Japanese army headquarters says that in the direction of Hsiching, Gen. Madrikoff, with about three regiments, was repulsed by the Japanese. The Japanese were said to have constated principally of bandits.

ARMENIAN MEMORIAL. (BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, Sept. 12.—A delegation from the Armenian Colonial Council of the United States, headed by Archbishop H. Sarajian, is president, called on Bishop William H. O'Connell of the diocese of Maine, as special envoy of the Pope to the Emperor of Japan. It is now known that the appointment of a representative has been in contemplation for a long time. It was thought that the Japanese people could never be converted individually, but would have to be Christianized, if at all, by diplomatic methods.

At the present time, the Catholic Church in Japan is suffering from the imputation that it is a French institution and France, being the ally of Russia, the church comes in for a share of popular dislike. To counteract this, it was suggested that the Pope should come forward as a sovereign and appoint a representative at Tokio at the same time as the Japanese to appoint a minister to the Vatican. The suggestion was well received by His Holiness.

It was at first believed that Archbishop Sarajian would be the representative sent to Japan, but the honor has fallen on Bishop O'Connell, who is in high favor at the Vatican. Bishop O'Connell's stay in Japan is likely to be a protracted one.

The selection of an American for such a mission is considered evidence of the friendship entertained by the Pope for the people of the United States. Such missions being usually entrusted to Italians.

REGRET AND SURPRISE. (BY THE ASSOCIATED PRESS—A.M.)

TOKIO, Sept. 12.—Some American press comments attributing the burning of churches as an insult to the Japanese government.

POPE PIUS TO SEND ENVOY TO MIKADO.

Bishop O'Connell Will Bear Congratulations of Pontiff to Emperor Upon Latter's Kind Interest in the Catholic Subjects in Japan.

(BY THE ASSOCIATED PRESS—A.M.)

PORTLAND (Maine) Sept. 12.—Bishop William H. O'Connell of the Roman Catholic Diocese of Maine announced today his intention to leave for Japan on a special mission on behalf of Pope Pius IX. Bishop O'Connell declines to state the purpose of his visit, but it is believed to be an important diplomatic mission from the Vatican to the Emperor of Japan, decided upon about the time of the conclusion of peace between Japan and Russia.

It is understood in Catholic circles here that the bishop will present to the Emperor the personal congratulations of the Pope on the magnanimous manner in which Japan yielded to Russia and also to thank the Emperor for his kindly interest in the Catholic subjects of Japan and to express the hope that this interest may continue.

THE DIPLOMACY OF IT. (BY THE ASSOCIATED PRESS—P.M.)

PORTLAND, Sept. 12.—In connection with the forthcoming visit to Tokio of Bishop William H. O'Connell of the diocese of Maine, as special envoy of the Pope to the Emperor of Japan, it is now known that the appointment of a representative has been in contemplation for a long time. It was thought that the Japanese people could never be converted individually, but would have to be Christianized, if at all, by diplomatic methods.

At the present time, the Catholic Church in Japan is suffering from the imputation that it is a French institution and France, being the ally of Russia, the church comes in for a share of popular dislike. HELPFULNESS IS LIMITED.

Steamship Lines Not Halting Immigration.

Practice Great Many Frauds in Getting Passengers.

Cattle-country Quarantine is Much Relaxed.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Sept. 12.—Dr. Morris Fisher Berg of New York, an agent of the Bureau of Immigration, who was sent abroad to investigate aliens afflicted with loathsome and contagious diseases, today made his report to the Department of Commerce and Labor. He says that after a very careful study in Eastern and Southern Europe, he is compelled to report that steamship companies can prevent these undesirable classes from coming to the United States. The steamship companies, he says, are doing a great deal now, but they have not reached the full limit of helpfulness.

He charges that there are a great many frauds, particularly in Italy, practiced in getting immigrant passengers for steamships coming to this country, and that one of the greatest evils is the employment of "runners," who go through the country and picture to the peasants that all America is a "land of milk and honey."

The report does not make any specific recommendations.

UNCLE SAM NOT TAKING PART.

FEDERAL DIVISION OF OWENS RIVER FAR AWAY.

Consulting Engineer and Adviser of Secretary of the Interior Says Lippincott Has Been Wrongly Criticized by a Few of the Valley People—Reclamation Projects.

(BY DIRECT WIRE TO THE TIMES)

WASHINGTON, Sept. 12.—[Exclusive Dispatch.] Carl E. Grunsky, consulting engineer and adviser of the Secretary of the Interior in reclamation matters, has just returned from a tour of the West. He was reticent in discussing the contention of a few of the people of Owens Valley and Los Angeles over the proposed diversion of Owens River to the metropolis of the Southwest, stating that the reclamation service is not a party to the quarrel, as no United States reclamation project has been recommended, and the government has taken no steps to acquire vested rights. Some of the people of Owens Valley, however, claim that the project was being forced, and that the Secretary of the Interior had withdrawn lands which might be required, jumped to the conclusion that the work would soon be begun. Mr. Grunsky said that on the contrary, if the Yuma and Klamath projects are carried forward, as seems probable, it will be a long time before anything will be done on the Owens project, as there will be no money available. Grunsky said that Lippincott, he said, is public property, accessible to all.

COLORADO RIVER'S FRANK.

A remarkable situation exists on the Colorado River, which is now pouring 50 per cent. or more of its waters into Salton basin, through the headgates of the California Development Company, says Mr. Grunsky. These headgates are in Mexican territory. The river, as it recedes, is likely to flow entirely into the new channel, thus changing the boundary between the United States and Mexico. The War Department is charged with the duty of maintaining the navigability of streams, and the Colorado River is not navigable unless the old channel is used. The Department has no appropriation upon which to work and probably can do nothing. An international boundary commission may be involved in the matter in case the river should permanently desert the old channel. It is a puzzling question as to where the responsibility lies, as the point of diversion is in Mexico.

KLAMATH PROGRESS.

Mr. Grunsky says the Klamath project is progressing favorably. The chief cause of delay is the disinclination of large land holders to let go of their excess holdings under the regulations prescribed by the Secretary of the Interior. The reclamation service is ready to go ahead, but if the people themselves do not cooperate it cannot urge them.

GOOD COAST CONDITIONS.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Sept. 12.—The weekly bulletin of the Weather Bureau issued today, says:

"The temperature conditions on the Pacific Coast are generally favorable. Notwithstanding the excessive moisture and cool weather over the greater part of the corn belt generally corn has made progress toward maturity, having advanced rapidly in the northern and western portions. Much of the crop is already safe and cutting is general over the southern portion of the belt."

"Threshing is completed in Oregon, and harvesting is progressing under favorable conditions in Washington, except in the northwestern counties where it has been interrupted by showers."

"Generally, the weather conditions throughout the cotton belt have been highly favorable for picking, which work has been actively carried on."

"No improvement in the apple outlook is indicated, a very poor crop being promised in practically all of the apple States. The general outlook for potatoes continues unpromising."

WILL REMOVE QUARANTINE.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Sept. 12.—It having been determined by the Agricultural Department that the contagious and communicable diseases known as scabies exists to a slight extent only if at all, in practically all of the cattle country, Secretary Wilson today gave notice that the quarantine established in the following area will be removed September 15.

The States of Washington and Ore-

gon; all that part of the State of Kansas lying east of the western boundary line of the counties of Smith, Osborne, Russell, Barton, Stafford, Pratt and Barber; all that part of the State of Colorado lying west of the summit of the Medicine Bow range of mountains in Larimer county, the west line of Boulder, Gilpin, Jefferson, Teller, Custer, Huerfano and Las Animas counties; and also that part of Colorado lying west of the ninth guide meridian, west Fremont county, the counties of Big Horn, Fremont, Sweetwater and Uintah in the State of Wyoming; all that part of the State of Texas lying east of the 100th meridian longitude west of Greenwich and north of the 29th parallel of north latitude, the counties of San Juan, Rio Arriba, Taos, McKinney, Bernalillo, Santa Fe, Valencia, Socorro, Lincoln, Grant, Sierra, Luna, Dona Ana and Otero in the Territory of New Mexico, and all the Territory of Oklahoma, except the counties of Woodward and Beaver.

WASHINGTON BRIEFS.

Engineers' Meeting Postponed.

WASHINGTON, Sept. 12.—The meeting of the board of consulting engineers for the Panama canal which was to have taken place in New York this morning was postponed on account of the inability of Mr. Isaacs to complete a special report for use at the meeting. The meeting last night and others followed this morning. It has not yet been decided when the next meeting shall be held.

MOTORMAN IS OUT OF SIGHT.

ENGINEER OF ELEVATED TRAIN CANNOT BE FOUND.

All the Police and Detectives of New York are searching for missing man—Belief Gaining Ground That He Has Made His Escape—No More Fatalities Among Injured.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, Sept. 12.—Police officers watched every ferry and railroad station last night to capture Paul Kelly, the fugitive motorman of the wrecked elevated railroad train, in which twelve persons were killed, but had not found him today. A general police alarm was sent out calling for the arrest of Kelly on a charge of homicide.

Investigation of the wreck was taken up today by the State Railroad Commission.

Fourteen of the persons injured in the wrecked train were still in the hospitals today. Some had been removed to their homes during the night, their injuries proving not to be serious. Of those in the hospitals, three were so badly injured as to make their recovery doubtful. One, William J. Engle, whose right leg was amputated; Eliza Miner of Nyack, whose skull was fractured; and several others were suffering from serious injuries, and their condition might at any moment become critical. Seymour Roe, who had a fracture of the skull, was out of danger.

To all appearances Kelly has made good his escape. A story reached the police last night that his sweetheart had managed during the afternoon to draw Kelly's money from a savings bank. The money was in a leather bag, which Kelly carried with him. According to some of the passengers on the ill-fated train, things went wrong with the motorman from the beginning of his trip downtown.

At One Hundred and Twenty-fifth street, it is said, he started the train with such a jerk that a woman carrying a baby was thrown down in the aisle of the first car and the baby was hurt.

Kelly came out of the motor box to see whether she was badly injured, and a number of men passengers spoke to him with some roughness, which he resented. The passengers assert that the train continued its course down town with sudden stops, which caused much alarm long before the accident.

No additions to the casualty list were reported during the night. Three remained in Roosevelt Hospital (twelve injured) and in Bellevue Hospital five. Twenty-two others had been treated and sent to their homes.

That Motorman Kelly is still in New York and is hiding with the intention of giving himself up to the police whenever possible indignation enough to make such a surrender safe is the statement which the police told Kelly obtained from the man with whom Kelly spent the first few hours after yesterday's accident, and to whom Kelly disclosed his intentions before his sudden disappearance yesterday.

Kelly told his friend that the switch signals were set for a right of way straight down the Ninth avenue track.

NEW CASES, FORTY-THREE.

Yellow Fever Situation in New Orleans Shows Little Change, Except Fewer Deaths.

(BY THE ASSOCIATED PRESS—P.M.)

NEW ORLEANS, Sept. 12.—Report to 6 p.m.: New cases, 43; total to date, 237; deaths, 3; total, 31; new fatality, 1; cases under treatment, 314; cases discharged, 176.

CASE IN WISCONSIN.

MENOMONIE (WIS.) Sept. 12.—Health officials announced today that John Howe of Marinette, who is ill at his home, after a sojourn in the South, is suffering from yellow fever. The patient will probably live. Physicians declare that there is no danger of infection.

SOCIALISTS ORGANIZE.

NEW YORK, Sept. 12.—The first step toward forming a Socialist organization to be known as the Intercollegiate Socialist Society was taken here today. The purposes of the organization were said to be the dissemination of Socialist principles among colleges and universities. A temporary organization was effected today, subject to the approval by a referendum of those who have signed their intention of joining and who were said to number about 50.

BELASCO BUYS THEATER.

NEW YORK, Sept. 12.—The La Fayette Square Opera-house in Washington has been purchased by David Belasco and Lee Shubert for \$250,000. The La Fayette will be converted into a theater, and will be known as the Belasco-Shubert management. It will open for the season about the middle of October. With Belasco's new play entitled "The Girl from the Golden West."

COLON CONTRACT LABORERS.

COLON, Sept. 12.—The Harrison line steamer Muscicola arrived here today, towing the French liner General Archambault, which was chartered by the Colon. The Muscicola has on board 300 contract laborers from Colombia who will disembark tomorrow.

FREIGHT MEN TURNED DOWN.

No Increase in Wages for the Laborers.

Railroads are Getting Ready for a Strike.

Syracuse Job Printers are Tired of Work.

(BY THE ASSOCIATED PRESS—P.M.)

CHICAGO, Sept. 12.—Demands of the members of Freight Handlers' Union of Chicago for an increase of 10 per cent. in wages and an arbitration of their demands, and the demand for a conference were refused today.

The general managers of the twenty-two railroads centering in Chicago notified President J. J. Flannery of the union that negotiations were ended.

MEAN ARE ANGRY.

The news of the refusal of the general managers to grant the increase in wages and the declaration to hold a conference was met with indignation by the men. They immediately arranged to call a series of mass meetings to consider the action of the roads.

At the meeting of the railway officials there was little discussion as to what the action of the railroads should be.

The meeting lasted only a few moments, and before adjournment the officials of the railroads had pledged themselves to resist any further demands by any committee of the freight handlers. It developed after the meeting that the freight handlers were not going ahead with preparations for one. The preparations are precautionary. Cuts are being made in the freight rates and hundreds of men have been tentatively hired to take the place of the union men should they strike.

Chief of Police Collins had been communicated with and he will furnish police protection to the freight handlers.

The agreement which expired last June and which the railroads refused to reestablish with a 10-per-cent. increase, is the one adopted as the basis of setting the strike.

Conducted by former President Curran of the Freight Handlers' Union.

NEED MORE MONEY.

UNIONS WILL DOUBLE UP.

(BY THE ASSOCIATED PRESS—A.M.)

DENVER (Colo.) Sept. 12.—The International Building Trades Council convention today took action with a view to bringing into affiliation with the council three national organizations representing a membership of nearly 15,000.

A formal invitation was extended to the Structural Iron Workers of America, numbering 80,000 men, whose convention will be held in Philadelphia next week, to join the international council, and similar invitations were ordered sent to the American Brotherhood of Carpenters and Joiners, the membership of which is about 15,000, and the painters, raper hangers and decorators of America, numbering about 20,000.

The convention settled a bitter fight that had started the train with such a jerk that a woman carrying a baby was thrown down in the aisle of the first car and the baby was hurt.

Kelly came out of the motor box to see whether she was badly injured, and a number of men passengers spoke to him with some roughness, which he resented. The passengers assert that the train continued its course down town with sudden stops, which caused much alarm long before the accident.

No additions to the casualty list were reported during the night. Three remained in Roosevelt Hospital (twelve injured) and in Bellevue Hospital five. Twenty-two others had been treated and sent to their homes.

ers was adopted today at the annual convention of the International Elevator Constructors' Union. The resolution declared that the terms of the Chinese Exclusion Act should be enlarged and expanded so as to permanently exclude from the United States all persons of Chinese, Japanese and Korean race, and those exempted by the present terms of the act. The resolution will be submitted to Congress.

NEW SYSTEM IN SAMOA.

TUTUILA (Samoa) Aug. 29, via San Francisco, Sept. 12.—The Governor of German Samoa has reorganized the native administration, and has adopted a system somewhat similar to that established in American Samoa by Capt. R. S. Tillyer in 1906. He has abolished the rule of the "Tumua" and "Pili" and has prohibited any further reference to it. It will be punishable in future to mention that title in any native speeches. The chiefs who expected to be deported to German New Guinea have been allowed to remain on parole in Upolu for from six to twelve months, and it is the wish of the Governor not to deport them at the end of the parole.

TAGGART'S LETTERS READ.

WOOSTER (O.) Sept. 12.—Ex-Judge Smyer concluded his argument in behalf of Mrs. Taggart today. In dwelling length upon the alleged jealousy of Capt. Taggart and the cruel treatment of his wife, Judge Smyer took up the letters from Taggart to his wife, which were read during the hearing. "Although it might be to the interest of both sides to fairly present the whole case," he said, "it would be impossible for them to get around these letters which were written from the heart of Taggart to his wife, and which acknowledged that he was in the wrong."

COULDN'T FIND ARMS.

CHICAGO, Sept. 12.—A one-legged man known in the downtown district as the "Armless Wonder," was run over and killed early today by an electric car. Evidently he did not see the approaching car, and he stepped in front of it. Several persons not knowing his name, and no arms, searched the vicinity of the accident for his arms and left leg. Thousands of persons in the downtown district had seen the cripple perform feats with the stumps of his arms. He was a native of Chicago, and his left leg in a railroad accident years ago. The police did not learn his name.

TO RESUBMIT CUBAN TREATY.

LONDON, Sept. 12.—The British Foreign Office has not taken any further action regarding the Anglo-Cuban treaty since the Cuban Senate refused to ratify it, but it is understood that the matter will be resubmitted to the Senate at its next session, when it is hoped here that it will be ratified.

FLASHES FROM THE WIRES.

It is declared that the prospects in the woolen market are much brighter. Worsted concerns have also been purchasing supplies.

The sub-treasury at New York transferred \$1,000,000 to the Federal Reserve bank for local banks, presumably for crop-moving purposes.

Fire yesterday destroyed the mechanical shops at the Agricultural College of Logan, Utah, causing a loss of \$50,000, which is partly covered by insurance.

A former inmate subject who was arrested at Quinn, and is alleged to have been tortured, has been removed to the Federal Reformatory for the British Consul's protest.

Bud Rogan, the Tennessee negro giant, is dead at his home at Gallatin, Tenn. Rogan was 6 feet 10 inches tall and his hands were 12 inches in length and his feet 14 inches.

The laying of the government telephone cable between Charlevoix, Michigan and Beaver Island, in the middle of Speer Lake, Michigan, began yesterday.

At Athens, Tenn., Prof. Albert Watchenburger was cut to death yesterday by Ernest Porter, a pupil in his school. Watchenburger had attempted to chastise the boy.

At Valparaíso, Spain, the election disturbances continue. Eight prominent Republicans were among the wounded during an affray. Soldiers are guarding the clubs and newspaper offices.

At Montreal, the Alien line turbine steamer Victorian was floated yesterday, and is the way to, in the harbor where she will be placed in dry dock. The Victorian ran aground September 2.

It was announced yesterday that Lazar and Freese, bankers of New York had engaged \$2,500,000 gold in London for import to New York. The gold is the South African bars and at the present rate of exchange the transaction yielded a profit.

Speaker Cannon, who has been confined the past few days to his hotel in Omaha, Neb., said he was recovering from a severe attack of grippe, but for his home yesterday. He said he had recovered. Speaker Cannon declines to discuss political matters.

Theodore H. Goodman, general passenger and ticket agent of the Southern Pacific Railroad, who has been in the company since 1888, will retire after November 30, ill health being given as the cause.

The old mansion of Alvinia Hayward at San Antonio, noted as one of the finest private establishments in California, has been sold to a syndicate headed by Capt. John Barron. It may be converted into a hotel, but this has not been decided.

It was announced yesterday that the Bishop-Schervier syndicate of Cleveland, owning the Northern Traction Company, with a mine property, Dallas-Fort Worth, Tex., has sold a controlling interest in the property to Stone & Webster of Boston for a consideration said to approximate \$2,000,000.

NO INJUNCTION ON FRENZIED LAWSON.

(BY THE ASSOCIATED PRESS—P.M.)

BOSTON, Sept. 12.—In the Supreme Court here today Judge Morton denied an injunction sought by Louis Rahn of Urick, Minn., against Thomas W. Lawson, of this city in a suit involving \$2,700,000. The court devoted the entire day to the case. Among the witnesses was Mr. Lawson and his testimony at one stage was of an unexpected nature. He caused a sensation in the courtroom by making the allegation that Mr. Rahn was responsible for the death of his father, Gilbert Johnson, who was fatally stricken last July. Mr. Lawson qualified his statement by saying that he had charged Rahn with the actual murder, but claimed that he stood by and did not lift a finger to defend his father.

While the plaintiff was on the witness stand the defendant's attorney asked Mr. Lawson if he was not a mining expert. The witness declared that he was not and that in fact he had never seen a mine.

Rahn, who is seeking to have Lawson held to a specific performance of contracts for the formation, financing and issuance of stock of the Lawson

THE REVOLT IN RUSSIA.

FIND FIRMS WITH ARMS.

Customs Officials Get Many Smuggled Guns.

Rioters at Baku are Still Firing and Plundering.

Cossacks Slaughtering Social Democrats at Tiflis.

(BY THE ASSOCIATED PRESS—P.M.)

HELENGFORS, Sept. 12.—The customs authorities today seized 5000 rifles in the possession of the people in the neighborhood of Jakobstad, on the Gulf of Bothnia, which were believed to be from the unnamed steamer sunk by her crew Sunday, as stated in these dispatches.

The steamer was discovered by the customs officials twenty miles outside Jakobstad. On the captain declaring she was loaded with rifles and ammunition, she was ordered into port to be discharged, when suddenly several explosions were heard, the steamer grounded in shoal water and the crew escaped in lifeboats. What has become of the crew is not definitely known, but Finnish revenue cutters have been ordered to watch the coast line of the Gulf of Bothnia.

Further details of Sunday's affair show that when the customs officers boarded the steamer they were received by twenty of the crew, armed with revolvers. The chief customs officer was permitted to visit the cabin, and after negotiating lasting an hour he was told that he and his fellow-officers had the alternative of leaving the ship or being blown up.

SERIOUS DEVELOPMENTS.

TIFLIS, Sept. 12.—Serious developments have arisen in connection with the death of Gen. Prince Amalikhov, formerly Governor-General of Baku, whose body is now lying in a house in the vicinity of Tiflis. The Prince was regarded with bitter hatred, owing to the harsh measures which he adopted when he was sent on a special mission to pacify the Caucasus.

The revolutionaries threaten the local priests with death if they attempt to offer prayer over the body. No one dares approach the house. Troops have been dispatched to bring the remains to Tiflis, and it is feared that there will be disorders at the funeral.

GREAT DISTRESS.

BAKU, Sept. 12.—There was some firing last night, including that of artillery, but the situation today showed a distinct improvement. A portion of the street railway service has been resumed but the shops are still closed and trade is at a standstill. Great distress prevails owing to lack of food and other necessities.

GROWING AGITATION.

One of the most interesting events of the week was the marriage of Mrs. Augustus Egelhoff to Mr. E. E. Egelhoff, which took place at the home of Mrs. Egelhoff, 221 S. Spring Street, on Tuesday evening, September 11, 1934. The ceremony was performed by the Rev. Fred Hambrick, pastor of the Ocean Park Baptist Church, officiating. Owing to the illness of the bride, the ceremony was postponed from its original date of September 10.

THE BULLETIN
OF San Francisco
The Bulletin guarantees the largest city circulation in San Francisco. Advertising contracts made on this basis. The Bulletin gained 27,183 inches of local display in 1934 over 1933. More than double the amount gained by any other San Francisco daily.

Los Angeles Office
118 S. BROADWAY.
ONE 5233 SUNSET, MAINS

Tentative Sketch for Main Floor of New City Postoffice.

HERBERT is presented the first copy of the preliminary floor plan for the new Los Angeles postoffice. The plan shows a large central lobby with a staircase, surrounded by various rooms including a registry room, public rooms, and a work room. The layout is symmetrical with a central corridor.

The main entrance will be a diagonal opening on the junction of Main, Spring and Temple streets. The lobby will contain 6000 square feet. The workroom on the second floor will contain 21,000 square feet. The workroom on the first floor will be much smaller, containing 1448 square feet.

By way of explaining the plans, the letter "V" on the floor plan indicates vault; "M. T." indicates men's toilet; "W. T." women's toilet. The floor of next interest after this is that upon which the courts are located. The two courtrooms are placed at the extreme end of the wings, one on the Main-street side and one on the Temple-street side.

United States District Attorney, United States Marshal and other officers of the court. The sketches were sent to Senator Flint, but have been turned over by him to M. H. Flint, the postmaster, in whose office they are now on exhibition. They were sent here for inspection by the different Federal officials and for an opinion as to their suitability for the needs of this city. So far they have met with approval.

THE OIL INDUSTRY.

INDORSED AS MARINE FUEL.

BRITISH GOVERNMENT MAKES A SUCCESSFUL TEST.

Oil Depot for Steamers to be Built at Plymouth—Effect Will be Great, and California Will Profit—Likely Beginning of Great Change in the World's Fuel.

A London dispatch says that recent exhaustive experiments with oil as fuel on steamships have proved so satisfactory that the British admiralty is ordering the erection of a great oil store at Plymouth with jetties at which steamers can moor. It is understood that stores of oil will be established at all home ports.

This is without doubt one of the most important items of news to the oil men that has yet come. It means that the government of the greatest maritime nation on earth has given its official approval to the use of oil on the ocean; that it is to encourage it by providing all fuel depots on the same plan as the existing stations that now encircle the globe. While only one such station is announced in the dispatch as being contemplated, it is safe to say that others will follow soon and that other governments will also take it up.

California, Texas and Kansas are today the greatest producers of good fuel oil. Kansas is far inland and unless the proposed pipeline to tide water is actually in operation it will be the first two States that will supply the bulk of the liquid fuel for marine use. California is likely to get a good share of the business and the effects of the British government's action may be felt here another year or two has gone by.

NO RE-ISSUE OF BONDS.

The report has been circulating in the city that the Associated was about to call in and cancel or re-issue a number of its bonds outstanding. On inquiry among the officials of the combine the report was denied and it is stated that the company at present has already taken up four of the five millions in bonds that were originally issued. Until the price passed ninety it was the rule to buy all that could be had.

MAY SELL CITY OIL.

The Southern California Oil Producers Association has before it an informal offer from a local oil man to take the entire output of the city field for a year. The matter will be taken up by the directors at a meeting soon and a contract may be made. No price has been set and it is not known whether the offer is made on behalf of one of the big marketing companies or not.

EASTERN OIL GOES UP.

STANDARD RAISES RATES. (BY THE ASSOCIATED PRESS—P.M.) PITTSBURGH, Sept. 12.—The Standard Oil Company today advanced the price of all grades of crude oil. Pennsylvania oil was raised 2 cents and the other grades were advanced 2 cents.

MANSFIELD IS CONVALESCENT.

NEW YORK, Sept. 12.—Richard Mansfield, the actor, is just recovering from the effects of two very delicate and serious surgical operations, according to an announcement made by his newed operations and employment of hundreds of men in the central States. ONE TO FIVE CENTS. (BY THE ASSOCIATED PRESS—P.M.) INDEPENDENCE (Kan.) Sept. 12.—The price of all western oil under thirty-two gravity was advanced today from 1 to 5 cents a barrel.

Herald today. The first, which was performed three weeks ago, failed to relieve Mr. Mansfield, and another was decided on last Wednesday, when the actor underwent a trying ordeal at the hands of the surgeons, who were called to his New London (Cl.) home. For several years Mr. Mansfield has been a sufferer from nervousness, brought on by an intestinal disorder that grew steadily worse. Three weeks ago his condition became so serious that his physician decided on the necessity of an operation. The second one is stated to have been entirely successful, and the actor is now progressing rapidly toward recovery.

Don't trifle with the Safety Valve

COFFEE accelerates and over-works the Heart! This is how it stimulates, and why such stimulation is dangerous. Over-work weakens and "runs down" a Heart, just as it would a horse. A Heart that is "run down" continually cries out for more coffee and generally gets it—till the abnormal condition results in Heart-failure or nervous prostration. Nature sets the pace at which the Heart should beat, just as the Government Inspector sets the safety-valve on a steam boiler—at the highest pressure which it can safely carry.

Tampering with the "safety-valve" is risky. "Coffee-heart" is the penalty for forcing (with coffee,) more work from Heart and Nerves than food supports them in doing. And—Coffee-heart now debars many people from getting life insurance—an ominous fact worth pondering over. Postum cures "Coffee-heart" and rebuilds Nerve tissue, while having the rich flavor of fine old Government Java. Because—Postum is made from the outer coats of Wheat, in which are located the Phosphate of Potash that feeds Brain and Nerve up to normal condition, so that they feel as good all day as coffee makes them feel for a few minutes in the day. These outer coats do not give up their full contents of Phosphate of Potash, except by thorough boiling—as in Postum. "Coffee-heart," Dyspepsia, and Nervousness, generally disappear when "Postum" has displaced Coffee six weeks. A ten-day trial will show marked improvement.

THE AFTER- INVOICE SALE

SPECIAL NOTICE!

The ladies that have been disappointed the last two or three days in not being able to find their size in these bargain waists can now be fitted, as we have just filled up all the sizes, 32's to 44's, in all the different styles. Particularly strong are the lines at \$1.50 and \$2.50.

The neckwear values are something phenomenal. Every piece this season's goods. The assortment at 2 for 25c is simply amazing. Lots and lots of pieces included in this sale that formerly were marked 50c, and were good values at the price. They are all in good condition, and not out of style.

Those at 50c or three for a dollar contain neckwear that sold as high as \$2.00.

Classified Liners.

Classified advertisements marked "A.B." which appear under the heading "Classified Liners" are from the Los Angeles Realty Bureau, which is responsible for the statements.

Telephone your want advertisements. Ring up "The Times" any time of day or night, and secure a prompt and careful attention. Rates one cent a word each insertion; minimum charge, 25c.

"Liner" (classified) advertisements for Sunday insertion received prior to Saturday afternoon 11 o'clock. Saturday night insertions will be inserted under heading of "Too Late to Insert."

Sunday real estate advertisements, in classified property, must be in the Times office before 10 o'clock Saturday night.

The Times cannot guarantee accuracy of any kind concerning in telephone advertisements.

"Liner" Advertisers—Important! Note change in rates for Sunday classified advertisements. Commencing Sunday, October 1, 1934, and thereafter, the rate for Sunday Liners will be 1 cent per word for each insertion, minimum charge, 25 cents, as at present. This slight advance is amply offset by the greatest Sunday circulation of the Times, which averages 60,000 copies. (When the 1-cent per word rate was established in the Times Sunday circulation was only 14,000 copies.) The "Liner" rate for the daily—1 cent per word—will stand as at present.

For advertisements of large business concerns and other educational institutions see column headed "Schools and Colleges."

PUBLIC SERVICE—OFFICIAL DOINGS.

SUMMARY OF THE DAY.

The Police Commission yesterday received a petition from business men recommending ex-Chief Glass for the vacant place at the head of the Police Department. The communication went to the committee of the whole.

The local federation of the W.C.T.U. yesterday sent a communication to the Police Commission expressing "profound grief" that the board last week failed to revoke the saloon license of the Palace, Imperial and Bristol cafes.

Members of the Building Committee of the Council yesterday inspected the new Polytechnic High School building.

Bartolo Ballerino is sued by Miss Jeanne Uhalt for \$100,000, for breach of promise of marriage. This is the climax to the prolonged litigation in which the defendant has been involved ever since he was arrested in connection with the closing of the crib district.

Suing street car companies for damages is an everyday occurrence, but Mrs. Nellie Schader, wife of a prominent mining man, has elaborated that procedure by swearing out criminal complaints and having the conductor and motorman of the car arrested for battery in ejecting her.

In the Police Court yesterday was arraigned a woman who is accused of having put out four of her sex in a flat fight.

The Palace Café steward served lobster to a game warden yesterday. It cost the steward \$25.

AT THE CITY HALL.

NO CHANGE IN POLICE POLICY.

AUBLE CONTINUES TO SERVE AS ACTING CHIEF.

Business Men Send Petition Asking That Ex-Chief Glass Be Appointed to Succeed Hammel—"Easiest Thing in the World to Get Petitions."

The present administration of the police department, with Capt. Walter Auble at its head as acting chief, will continue for at least another four weeks—provided, of course, that during the interim nothing breaks loose in police circles.

Friends of ex-Chief Glass yesterday morning filed with the Police Commission a petition signed by 113 business firms, recommending Mr. Glass as the successor to Chief Hammel. Only the Mayor and two commissioners were present.

Commissioner Gates glanced at the heading of the crime-backed document and promptly moved that "the communication be received and placed on file."

Commissioner Johnson displayed no undue haste in seconding this motion. He was carefully scanning each signature.

"This is a pretty strong petition, Mr. Mayor," he ventured. "I did not know that such a paper was in circulation."

"It is the easiest thing in the world, Mr. Johnson, to get a petition like that," promptly responded the Mayor. "Perhaps so," rejoined Commissioner Johnson, "but I think a petition like that should receive some consideration. I move that the petition be referred to a committee."

Then Commissioner Gates looked at Commissioner Johnson and Commissioner Johnson looked at Commissioner Gates. The silence was almost dramatic. Each had made a motion. Neither would second that made by the other.

Mayor McAleer came to their rescue. "I think this petition, if referred to a committee, should go to the committee of the whole," he said. "It is something on which the full board should act."

Johnson and Mason accepted the Mayor's compromise measure and to the committee of the whole it went. All chance for immediate action was dispelled when Mr. Johnson secured a leave of absence for "from three to six weeks." He explained that he is going east to meet his wife. After the session Mr. Johnson said that he will leave the city before the next meeting of the board.

As the expressed policy of the commission is to appoint a chief of police only when a full board is present, this means a delay of "from three to six weeks" in the selection of a new chief.

"NOT YET SETTLED."

THOSE CAPE LICENSES.

In an open letter to the Mayor and the Police Commission the local federation of the W.C.T.U. yesterday expressed its "profound grief" that the commission did not revoke the saloon licenses of the Palace, Imperial and Bristol cafes.

The communication from the white ribboners ends as follows:

"The matter is settled for the hour but you will remember with us that no question is ever settled until it is settled right."

This communication was signed by Mrs. Hester T. Griffith (president) and Mrs. Marion Boyd (corresponding secretary). Both of these ladies testified during the hearing of the charges against the cafes.

READY FOR SERVICE.

POLYTECHNIC SCHOOL.

Members of the Building Committee of the Council yesterday made an unofficial inspection of the new Polytechnic High School. They were accompanied by Building Superintendent Backus and two Councilmen, not members of the committee.

The Councilmen decided that, with the exception of a few minor details, the big building has been constructed according to specifications. Their recommendation to the Council will be that it be accepted conditionally; that is, with the understanding that Backus last night said that he considers the building equal to the specifications.

The Council is in favor of this conditional acceptance for the reason that they desire the furnishing to be completed at once in order that the building shall be ready for occupancy by the time the fall term of school opens.

Building Superintendent Backus last night said that he considers the building equal to the specifications. The contractors have evidently made an honest effort to live up to the specifications of their contract and a highly creditable structure is the result," he said.

Contractor F. O. Edstrom has built the Polytechnic buildings. F. P. Burnham is the supervising architect. While the building superintendent does not approve of the sanitation of the

Who has sued Bartolo Ballerino for breach of promise.

building, the plans bear the O. K. of the board of education.

Spook Howton's shriek about the faulty plumbing was found to be only an explosion of hot air. The plans provide for one grade of wash basins in the main building and another for the wings. Howton roared fraud because the basins are not all of the same make. Only another instance in which he was caught off his base.

AT THE COURTHOUSE.

HIS GUILT TO BE HER PROFIT.

B. BALLERINO SUE FOR HUNDRED THOUSAND DOLLARS.

Miss Jeanne Uhalt Claims That She Was Wooed by Bartolo, That She Discovered Later That He Was a Married Man, and Now Wants Compensation.

When Bartolo Ballerino sought to repair the ravages of time by dyeing his hair and whiskers generally sprucing up, apparently he did so with a purpose. After passing through one lawsuit after another he is now called upon to defend himself in a suit to recover \$100,000 for what is alleged to be a virtual breach of promise of marriage.

That old man Ballerino was at the time a much married man. The very thing that gives spice to this suit brought yesterday by Miss Jeanne Uhalt, a young woman of about 25 years of age, and possessing rather more than the average of good looks.

Miss Uhalt claims that her aged admirer began his courtship about Sept. 1, 1929, and became so enamored that he proposed the question and was accepted. He told his fiancée that he had been married before, but had been divorced for several years, and as an additional inducement for youth and rugged age to mate he is alleged to have whispered in the shell-like ear of Miss Jeanne that he was a wealthy man—that he was possessed of not less than \$500,000, and that as his wife she would become entitled to one-half of all that he possessed.

Several years ago Mrs. Ballerino brought suit for divorce against her husband, but the latter won and the only satisfaction the wife got was a division of the property interests, and ever since each have gone their separate ways.

In order, however, that she may have all the chances that the law allows, Miss Uhalt began a second suit against Ballerino yesterday, this one being to recover \$100,000 for services alleged to have been rendered.

In this action the plaintiff claims to have been lured by Ballerino into a life of luxury and to have been seduced by him into a life of luxury and to have been seduced by him into a life of luxury.

And meantime old Ballerino is living in one of his own cribs, is wearing an old and well worn suit of clothes, while his scanty looks have taken on a purple tinge since he suspended the usual applications that kept them black.

THE INFERIOR COURTS.

DID ONE WOMAN PUT OUT FOUR?

SHE'S ACCUSED OF WALLOPING A WHOLE FAMILY.

Mrs. Reidrich Declares Mrs. Hansen Pummelled Faces of Herself and Three Daughters, and Mrs. Hansen Says She Was Beaten Insensibly. Butcher Gets There.

"Judge, that woman is an Amazon," said Mrs. Johanna Reidrich, in the Police Court yesterday afternoon, as she pointed her index finger at Mrs. Mary Hansen, a woman of considerable avoirdupois and distinct Swedish countenance.

"Amazon, yes Amazon," echoed Mrs. Augustine, Grace and Lillie Reidrich, daughters of the woman who made the charge.

"She licked all four of us; she is terrible," continued Mrs. Reidrich. "I tell you how it happened. The Hansen family came to the restaurant yesterday afternoon. When will you be ready for trial on this charge of battery, Mrs. Hansen?"

The woman who stood accused of having smacked her four daughters, a pitched battle, thought October 6 would suit, and the hearing was accordingly set for that date.

Outside the courtroom the women told of a war out on East Main street, in which five members of the gentler sex were the principals, and two men figured slightly. The men did not count for much.

All the trouble grew out of a restaurant business in which Oscar Johnson was the supposed proprietor and

she objected, as she needed the rent money. Johnson also demurred when the closing question was discussed.

Then Mrs. Hansen went over to get the furniture, but she was met by determined Mrs. Reidrich and her three daughters.

"I came for the furniture," said Mrs. Hansen.

"You can't have it," snapped the other woman.

"Biff, biff!" and the battle was on. Johnson and a jay boy tried to interfere, but the woman routed them and continued to fight. The house of Reidrich suffered great inroads at the hands of the terrible Swede. Back and forth the contestants swayed disputing every inch of ground. Which side was victorious no one seems to know, for, as is usual in other battles, both claim to have been defeated instead of victorious.

Mrs. Reidrich says she and her daughters were beaten. Mrs. Hansen says she was pummelled until she became unconscious. All showed scars when they appeared in court.

"If they want to fight, why don't they go against Battling Nelson," said Mrs. Hansen. "They are certainly in his class."

"That Amazon is certainly a terror," said the Reidrichs.

And the butcher attached the furniture for an unpaid bill of \$10, and now has possession.

BAD LOBSTER.

J. M. Engel, steward at the Palace Café, didn't recognize H. I. Pritchard, game warden, when the latter sat down in the restaurant yesterday at noon and ordered lobster.

Engel tried to explain to Justice Rose, but the explanation was bad, and the court assessed a nominal fine of \$25.

N,

VINCENT'S
LANDS ACKER.

Catch Best Half-
back in South.

Bone of Contention
Among Colleges.

Championship Chance
Goes With Him.

Pomona College will have the
back in Southern California
after returning from Cañon
City, yesterday morning, and
evening the crack pitcher
for his last game for practice
with the school squad.

After the close of last football
season, Vincent has been the bone of con-
tention among the local colleges. Occi-
dental Union, the University of
California would like to have
him, but it remained for Haggerty,
Pomona, to land the much desired
player.

After strolling into
yesterday morning and during
the night up mysteriously in the

Pomona's football team.

FOOTBALLISTS ARE PUTTING ON TOGS.

THE football season was ushered
in yesterday with preliminary
practice at several of the schools
and colleges in Southern California
and the prospect is good for one of the
liveliest seasons.

Pomona College must be reckoned
with this year, as the lads of Claret-
mont, who are trying on their togs
are a formidable bunch.

Charles Wharton, 165 pounds, has
been elected captain of the team and
the long lad will play somewhere be-
hind the line. He is a fast half-back
and at a shift could make good at full.
Wharton should be one of the stars
this year.

Metcalf, the 175-pound hammer-
thrower, will play center. Frisbie, the
former star, is in the northern part
of the State. Metcalf is perhaps
equally as good as the well-known
shock-headed center who has played
the middle position for Pomona during
the past three years.

Repper, 160 pounds, and Fulton, also
160, will be the two guards. Each has
had three years' experience in the line
and should stand like a wall for the
blue and white.

Holiday, 165 pounds, and Ray Smith,
165, will probably play the tackle.
The former has had one year's experi-
ence and the latter has bucked for two
seasons.

Chisholm, 165 pounds, and Philip
Smith, 150 pounds, will play the ends,
and Ward will sit easily into quarter-
back position. Chisholm, who has
played last year and Smith has had
experience on Eastern teams for two
seasons.

Spurgeon, the sprinter, weighs 155
pounds, and has a clutch on one of the
half-back positions. Dunham, who will
probably be his team mate, both are
fast though not particularly heavy.

The much coveted full-back position
will undoubtedly fall naturally to his
170-pound Tanagerman, who has played
for three years. "Tanager" will be one
of the bright stars of the Pomona con-
stellation.

Fred Valle and Culver will both have

a chance to play on the team as they
are the principal subs.

Ralph Noble, the graduate coach,
has begun easy work with his prom-
ising squad. The team will be light
and fast, probably faster than last
season and will depend on ability to
execute quick plays and special ma-
neuvers to advance the ball.

There will be few changes this year
in the Pomona line, and though the
loss of McCormick, who was perhaps
the best full-back in Southern Cali-
fornia, will be sorely felt, the back
field will not be crippled.

With their desire to dig in their toes
at the hardest grind, the Sherman In-
dians have begun work under the guid-
ance of Coach Hempel of Pomona.

There are those who believe the In-
dians will be stronger this year than
ever before, because of the fact that
Neufus has determined to return to
school. The plucky quarter-back will be
supported by such men as Bullock,
Tories, Whipple, Magee, Scholder, Lu-
bo, Saunders and the two Coleman.

Williams at full-back and Payne, the
star half, will not return to school.
Lubo will be a host at tackle, and
Saunders will hold his position at cen-
ter. Boles, the tricky little end, will
not play. The Indians, as usual, are
out to tackle any and all teams.

The freshmen will flood the football
field at U.S.C. this afternoon, and the
gridiron will then be rolled and put into
shape for practice, which will be begun
after October 1.

Critten, the man from Riverside, reg-
istered yesterday with Reedy, a former
star. Both will probably make places
on the Methodist team.

Holmes is out for big game, and like
Haggerty, will have a crack at the
northern teams. He will play both
Berkeley and Stanford and expects to
take North the heaviest team in South-
ern California. He declared yesterday
that when he leaves for Berkeley next
month his line will average 175 pounds,
and his back end about 170 pounds. If
his hopes materialize, the Methodist ag-
gregation will be the heaviest team
that has ever represented Southern
California on a northern gridiron.

tested game with Cleveland today. Kil-
lian was effective with men on bases.
Attendance 1000. Score:
Detroit 4; hits 9; errors 1.
Cleveland 3; hits 9; errors 1.
Batteries—Kilian and Warner; Joss
and Clark.

NATIONAL LEAGUE.
WAGNER FIELDS WELL.
ST. LOUIS, Sept. 12.—(Exclusive
Dispatch.) The home of the national
steal home in the ninth inning of
the second game with the score tied
and two out enabled the locals to break
even with Pittsburgh. Lynch out-
pitched McFarland in the first game.
Taylor was invincible in the second
contest, Wagner being the only visitor
to hit. Wagner's fielding was the fea-
ture. Attendance 4500. Score:
First game:
St. Louis, 2; hits 9; errors 1.
Pittsburgh, 3; hits 11; errors 0.
Batteries—McFarland and Grady;
Lynch and Pettit.
Second game:
St. Louis, 2; hits 7; errors 1.
Pittsburgh, 1; hits 2; errors 1.
Batteries—Taylor and Grady; Phil-
lip and Gibson.
Umpire—Emslie.

BROOKLYN GETS ONE.
NEW YORK, Sept. 12.—(Exclusive
Dispatch.) The Brooklyn team
and New York broke even in a
double-header today, New York win-
ning first game and Brooklyn the se-
cond. Attendance 3000. Score:
First game:
Brooklyn, 2; hits 7; errors 1.
New York, 3; hits 11; errors 1.
Batteries—McIntyre and Bergen;
Matthewson and Bresnahan.
Second game:
Brooklyn, 5; hits 10; errors 1.
New York, 3; hits 9; errors 1.
Batteries—Scanlon and Ritter; Tay-
lor, White and Bresnahan.
Umpire—O'Day.

LEAGUE CLUBS' STANDING.
BY THE ASSOCIATED PRESS.—P.M.
THE standing of the major league teams to
date is as follows:
National League—American League—
New York 20; Philadelphia 19; St. Louis 18;
Pittsburgh 17; Chicago 16; Cincinnati 15;
Cleveland 14; Boston 13; Detroit 12;
Brooklyn 11; St. Paul 10; Baltimore 9;
Washington 8; San Francisco 7; Los Angeles 6;
San Diego 5; Portland 4; Seattle 3; Tacoma 2;
Tacoma 1; Portland 0; Seattle 0; Tacoma 0.

SHIELDS BOUNCED.
DONE PLAYING THIS YEAR.
BY THE ASSOCIATED PRESS.—P.M.
SEATTLE, Sept. 12.—Charles Shields
of the Seattle baseball team has been
fined \$100 and suspended from the
team for the remainder of the sea-
son by Manager Agnew, as the out-
come of a fight in which he engaged
with police officer Sunday morning
as he was being placed under arrest
for assaulting a negro. He resisted
Police Officer King and Officer Blanken-
ship, who was with Shields at the
time, was arrested for interfering with
the officer. Blankenship was exoner-
ated.

MURINE Eye Remedy Cures Eye. Makes
Weak Eyes Strong. Restores Eye Power.

ED GRANNEY WAS SCARED.

Called Bets Off Because He
Played Nelson.

Sports Will Think Such Ac-
tion Very Peculiar.

Kid Goodman Coming West
to Get a Match.

BY DIRECT WIRE TO THE TIMES.
SAN FRANCISCO, Sept. 12.—(Exclu-
sive Dispatch.) It leaked out today
that the principal reason why Referee
Graney declared all bets off in the
Britt-Nelson fight was that he bet
\$200 against \$200 that Nelson would
win. If there had been a close de-
cision he could not have cleared his
name had he held this bet.

Graney's other reasons were based
on just and fair principles. He be-
lieved many people had bet on the
fight with the understanding that Jef-
fries would referee.

In view of all these facts, he deter-
mined the only way to clear the hori-
zon and give everybody a fair deal
was to declare all bets off. Graney
figures he lost \$1000 by entering the
ring to determine the merits of the
two great fighters. No one doubts
Graney's honesty of purpose, and all
admit he refereed the contest impar-
tially, but when thousands of men
throughout the country who bet on
Nelson read that one of his reasons
for declaring bets off was because he
had bet himself, they will say a few
things.

TOMMY HAS ENOUGH.
WONT ISSUE CHALLENGE.
BY DIRECT WIRE TO THE TIMES.
GLASGOW, Sept. 12.—(Exclusive
Dispatch.) Sir Thomas Lipton, who
has just arrived on the Clyde, is not
there to offer a cup challenge, as
rumored. Sir Thomas says that he
cannot risk a challenge at the pres-
ent time under the conditions im-
posed, as the present racing condi-
tions are a bar to his plans. "The
answer I received from the New York
Yacht Club's secretary to my letter
was vague," he said, "and at best
could only be read into a statement
that the challenge would require to be
lodged before the club could proceed
to consider the matter of acceptance
under the new rules. It would be un-
fortunate to issue a challenge which I
might not be able to carry through.
Meanwhile, therefore, I prefer to await
the course of events. In the hope that
the defenders may see their way clear
to imposing less hard conditions upon
challengers."

**HOW TO MAKE
CHILDREN HEALTHY**

Proper Care, Clean Teeth, Clean Skins,
Healthful Stomachs, Plain
Wholesome Food

The life of man or woman are more often than
not the result of improper care or training in
childhood. The child does not eat, and the
parent is too often careless or negligent and
for this the child must suffer through grown-up
years.

How often do you see a child who uses the
tooth brush properly, put many a misshapen
mouth comes from that and many a stomach
trouble comes from bad teeth. This is only one
instance.

How many parents study what their children
should eat. Many cases of constipation are
caused by wrong food. A gentleman, the pub-
lisher of a well-known magazine, came into
my office the other day and in speaking of
these matters said: "Our little girl was badly
constipated. We finally took her to a well-
known Sanitarium and they told us that the
breakfast foods we had been using were to a
considerable extent the cause. We tried sev-
eral of those recommended by the doctor at
the Sanitarium, but the child didn't like them,
although she improved somewhat in health.
She always was fonder of Malta-Vita than
any other breakfast food so we got her that
but she was completely rid of the trouble."

That the child who uses the tooth brush
properly, put many a misshapen mouth comes
from that and many a stomach trouble comes
from bad teeth. This is only one instance.

How many parents study what their children
should eat. Many cases of constipation are
caused by wrong food. A gentleman, the pub-
lisher of a well-known magazine, came into
my office the other day and in speaking of
these matters said: "Our little girl was badly
constipated. We finally took her to a well-
known Sanitarium and they told us that the
breakfast foods we had been using were to a
considerable extent the cause. We tried sev-
eral of those recommended by the doctor at
the Sanitarium, but the child didn't like them,
although she improved somewhat in health.
She always was fonder of Malta-Vita than
any other breakfast food so we got her that
but she was completely rid of the trouble."

That the child who uses the tooth brush
properly, put many a misshapen mouth comes
from that and many a stomach trouble comes
from bad teeth. This is only one instance.

THE HOUSE OF QUALITY

The Talk of the City

Our Furniture

Is of every description and quality in all woods—
our weathered oak designs are the most artistic and
extensive in the city.

Our Draperies

Are shown in numberless varieties and all prices in
the swiftest and most artistic department on the coast.
It is the best lighted department in the United States.
We are making special prices this week on portieres
and couch covers from \$2.00 up.

Our Carpetings

Are second to none in the city—all grades from Ingrain
to Royal Wilton—in yard goods and rugs in every
quality and size.

*When you need anything for your home remember as we are the
only large house carrying reliable high-class goods in the city
that is independent of the Furniture Trust, of course we are able
to make our prices lower than the other houses—that fact should
interest you.*

LYON-MCKINNEY-SMITH & CO.

Montebello

Has a Model Water System

One of the leading hydraulic engineers of California says:
"The source of the Montebello water supply is the first
to be replenished and the last to be depleted in the
operations of Nature, and affords a degree of security
to the consumer that no mountain stream, subject to
the caprices of season, can equal."

The photograph herewith shows one of the mammoth
triple expansion pumps used to lift the water to the
reservoir. Experts have declared the machines to be
the best ever installed on the coast for irrigation pur-
poses, both in point of workmanship and efficiency.
The quantity of water, flowing continuously, is equiv-
alent to four inches of rainfall once a month on the
whole tract.

Montebello is just at the gates of the city—one of
the most fertile tracts in the Southwest. Five acres
here, if properly developed, will yield a substantial
income. Frost is unknown. It is an ideal location for
the small rancher, the berry and fruit grower, truck
gardening, poultry and pigeon culture, and for beautiful
country home sites.

Geo. L. Cross of Montebello, says: "To my mind
no other section of California equals Montebello. We
have more water than we can use. It certainly suits
me."

Montebello is 15 minutes from the city via Salt Lake
train.

Five water shares are needed with each 5-acre lot,
the owner becoming a stockholder in the water system.

Five-acre lots may be secured from \$270 and up per
acre—1.4 cash, balance in from 1 to 4 years at 6 per
cent. Free excursions at 8 a. m., 11 a. m. and 3:40 p. m.
Tickets may be secured at the office of D. O. Stewart
& Co., 138 S. Broadway. Tel. Main 1720; Home 1253.
Office open Sundays from 9 to 10 a. m.

ONE OF THE GREAT TRIPLE EXPANSION PUMPS
AT MONTEBELLO

FRANKLIN

Type F light 6-passenger Touring-car, with solid back detachable top and
side entrance by lifting front seat. Weight with tonneau 1975 lbs.; speed on high-
speed clutch from 5 to 30 miles per hour.

If this car cost double the money you could easier believe
what it is and will do.

But if you will come in today and let us take you for
a short spin, we will convince you that it has all the abil-
ity and luxury of any \$2000 car; and more than most of
them.

We will clearly explain how this surprising fact is
possible at the price.

SCHOLARSHIP.

(Continued from First Page.)

again and down Spring street to Buena Vista and Bellevue where private coaches on the Los Angeles-Pacific Railway were in waiting. The transfer was made and the party headed for Playa del Rey. A halt was made at Fourth street and Traffic Manager T. A. Gabel joined the party here and Gen. M. H. Sherman came out to greet the crowd and was immediately decorated with a scholarship badge which proclaimed him one of the elect. The band played a special selection and with a general "Hip, hip, hurrah," led by Gen. Sherman, the party was off for the King's playground at Playa del Rey. After leaving the city limits rapid time was made and the cars sped on the wings of the wind wafted by a "round of patriotic songs sung by the crowd. The lemon tablet boy made the usual rounds but left a whole package of tablets with each passenger instead of the customary sample. Just before noon the cars swung round the curve of the lagoon and halted before the hotel. Manager Lawton, who had come up to town early in order to enjoy the trip down with the gay party, was the first one to disembark and assumed the role of host. Tables decked with flowers were laid in the large dining room with its windows toward the sea and an elaborate luncheon in four courses was served. Everyone got his just desserts and the ice cream was heard to murmur with a cold chuckle as it rapidly melted away, leaving a bit down in the mouth myself. But nobody else was. The band played throughout the service of the lunch and at the close of each selection the horns gave appreciative notes emphasized by an encore of buzzers.

PRESENTATIONS.
After luncheon, the crowd adjourned to the auditorium above where the formal ceremony of presenting the prizes and scholarships took place. Gen. H. G. Ols, president and general manager of The Times-Mirror Company, announced the winners. "This marks the end," he said, "of another spirited scholarship contest conducted by The Times. It is the most widely diversified

Burying the Scholarship Manager.

and successful one we have ever held. The young people have worked with great energy, determination and endurance, and their friends have been very loyal to them. The total outcome is far greater than any of the four contests that have preceded the L. A. and believe these contests have been productive of great good in that they have taught these young people good business principles. They have learned how to conduct a campaign on business methods, and have had a discipline and education which I believe will follow them all their lives. The thanks of The Times are extended to the contestants for the seal exhibited and to their friends for their assistance in the campaign. Without making an extended speech I will proceed at once with the pleasant duty of distributing the prizes."

As each contestant's name was called, he or she came forward and received the reward, responding with words of thanks.
St. Clair Morton, Santa Barbara's contestant, was the first and highest in the score. He marched to the front amidst the clapping of many hands to receive his purse of \$150 in gold and his choice of scholarship which fell on Throop Polytechnic Institute. Next came Mabel Soule, the Los Angeles girl, who scored second, and who chose a scholarship in the Los Angeles Conservatory of Music and Arts in addition to the prize of \$125. Arthur Carpenter of Compton followed, and selected a scholarship in the Los Angeles Military School to go with his \$110 prize. The Arizona boy, Orestes Orfili, stood fourth in the race, but was too far away to come to receive his prize in person so a representative, Mrs. Steinko, acted for him in accepting the scholarship in the Brownberger Business College, which he chose with his cash prize of \$100. Rex H. Gile of Long Beach was fifth in the score and selected a Throop Polytechnic scholarship and received the cash prize of \$90. These represented the "high five" in the list. The other ten of the fifteen who were entitled to cash prizes received their respective amounts and chose scholarships as follows: Bruce Moore of Los Angeles, Los Angeles Conservatory of Music and Arts; Aubrey Newton of Ventura, Brownberger Business College; Vivian Bassett of Pasadena, Fillmore Pianoforte School; Helen Pitner of Los Angeles, College of Oratory and Art, University of Southern California; Gast F. Ewing of Hollywood, Brownberger Business College; Myrtle Graham of Covina, Los Angeles School of Art and Design; Iva Engel of Garville, Woodbury Business College; Merle Melvin of Pasadena, Throop Polytechnic; Earle Weller of Los Angeles, Occidental; Minnie Ponedel of Los Angeles, Fillmore Pianoforte School.

A SURPRISE.
As a surprise, the sum of \$100 was distributed among the eight contestants immediately following the election. The money was divided in four parts of \$25 to \$30. This morning at 9 o'clock Mr. Brock, the scholarship manager, will meet the other contestants at the scholarship headquarters in The Times office to adjust the balance of the scholarships and endeavor to arrange so that each contestant will get what he wants. A few words from Mr. Brock to this effect closed the formal exercises and then the entire audience was given over to pleasure and recreation. The Playground of the King was literally turned over to the merry crowd

Girls' Collegiate School

CASA DE ROSA

SOUTH HALL

GYMNASIUM HALL

This deservedly popular school has added another building to its beautiful group on Adams and Hoover streets.

Harmonizing in artistic detail with its mother building, the Casa de Rosa, its patio opens into a great hall which serves the double purpose of gymnasium and recreation hall, the roof of which is elevated above the adjoining wings. The wings contain lockers, showers, bath, dressing rooms and fine classrooms.

One side is devoted to the use of the Primary and Preparatory departments, and a large sunny room is a Domestic Science laboratory, where future-wise housekeepers may learn the mysteries of good home cooking and useful needlework.

A roof garden, lawn and shrubbery give the appropriate setting for this charming building, and communication with the Casa is made through an old rose-covered summer house. New courts for tennis and basketball are in the rear, and a stable near by will accommodate the horses used by the Riding Club.

The teachers' force is strengthened by new names, among them Miss Traphagen and Miss Craven, both of Stanford, Miss Morris of New York and Boston, Miss Harriet Morris of Smith College and Mrs. Margaret von Paulsen, who returns to the collegiate after an absence of four years, part

HOME TELEPHONE BANQUET.

Hello Managers of the Coast Entertained by the Head of the Growing Corporation.

Independent telephony of Southern California was represented at a banquet at the Casa de Rosa last night. The Home Telephone Company was the host and for its guests were had its managers from San Diego to Santa Barbara, together with a few special guests from telephone supply houses. E. L. Swaine, general manager, of this city, was master of ceremonies, and C. C. Craig, assistant general manager, looked well to the comfort of all.

After dinner, Charles Zahn read an interesting paper on construction, that excited general discussion, and C. H. Parker of Pomona gave a brief and spicy history of the trouble between the city authorities of that place and the Sunset Telephone Company. Louis Blankenhorn, Ira Francis of Pittsburgh, and other others also made brief speeches.

Those present were E. L. Swaine and C. C. Craig, of the general management; M. L. S. Mitchell, exchange manager; Charles Zahn, engineer, and W. E. Rose, directory manager, all of this city; A. L. Orton, general manager at Pasadena; Robert Tucker, director of San Diego; W. F. Frost, president, Redlands; W. J. L. Lambert, general manager of Riverside; C. H. Parker, general manager, Pomona; J. O. Hauser, president, Covina; Louis Blankenhorn, president, Santa Monica; P. T. Spencer, president, Alhambra; Gus Wardman, general manager, Whittier; L. E. Serkey, secretary, Whittier; Darby of Downey.

Special guests were Arthur Wright and Charles Seiple of the Long Distance Telephone Company; Ira Francis, of Roebeling & Co., Pittsburgh, and Messrs. Kirieff, Knight and Reed, representing local supply houses.

It was a pleasant company, representing the extension of the Home service to the surrounding towns, now including, with the city service, over 20,000 phones. The company is doing its full share in keeping California in the lead of any other State in the Union, for number of phones in use in comparison with the population.

INSPECTING POLYTECHNIC.

Council and Board of Education Looking It Over—Getting Ready for Opening on September 25.

A partial inspection of the Polytechnic High School was made yesterday morning by a committee from the City Council and one from the Board of Education. The Councilmen were Miller, Blanchard and Hammon, those representing the Board of Education, Yoshay, Guinn, Monlux and Downey. With some change in the personnel of the inspecting party, the remainder of the buildings will be reviewed this morning. It is the intention to hold a public reception in order that the entire populace may have the privilege of inspecting the beautiful new institution, but it will now be necessary to postpone it until after the schools have opened, as the time is too short to get ready prior to that date.

For the enrollment of new pupils, either on credentials or by examination, the High School and Polytechnic High School buildings will be open on Friday, September 21, at 9 a.m. A general assembly meeting will be held in the Normal Auditorium at 11 a.m. on Saturday, September 22. The meeting is held in this hall because the new Polytechnic auditorium will not be seated in time for it, and the other hall in reach of the schools will hold all the teachers.

Superintendent Yoshay announces that the boundaries of districts will be the same as last year, except those made by the removal of the Sixth-street building to Fourteenth street. All special teachers will meet in the superintendent's office on Thursday, September 21, at 2 p.m.

LETTER OF APPRECIATION.
J. A. King of Riverside Writes in Behalf of His Daughter, Jessie Mae.

The following letter was received last night from the father of the Riverside contestant, who was one of those to receive the extra \$100.

RIVERSIDE, Sept. 12, '34.
To the Management of The Times Scholarship Contest: I am pleased to take this opportunity to thank you for the good time that you gave the contestants today by giving them the outing at the beach. No doubt you had in mind of my daughter for the generous act of giving \$100 extra as cash prize. This, I am sure, will be greatly appreciated by every contestant and my friends. I am Yours very truly, J. A. KING.

THE CONTEST DREAM.
By Marie V. Weller, one of the high markers, in the contest, aged 18 years.

I sat last night in the twilight, Wearied by weeks of toil, And I wondered—half discouraged, How Brock would divide the spoil. And out of the evening silence, Came the rushing of hastening feet, And a ghostly throng passed by me, And crowded the narrow street. First in the race was Morton Waving a Times on high; He loudly called for subscriptions And vowed he would win or die. Close on his heel came a maiden Determined to reach the goal. Her face was ashine with her purpose And I knew it was Mabel Soule. Two boys were next in order, There was Gile and Carpenter, too, And the king was behind the craftsman And the outcome no one knew. Then a girl and a boy together, Though Moore was leading the way Helen, queen of the contest, Had led for many a day. A girl from the Hollywood hillsides Passed slowly with serious step, And a victor's garland of coupons Bound the braids of her bonnie hair. Like a breeze from the sun-kissed Or a bird from a southern land, With a laugh came Vivian Bassett, With her yellow book in her hand. Then I heard a rippling chatter, Like the purring of water at night, And Minnie Ponedel was telling

CITY. Rigid investigation of the Missouri river proves that oil barges with 900 barrel capacity can be run as far north as Omaha and Council Bluffs. From these railroad centers the big cities of Nebraska, Iowa, Southern Minnesota, Wisconsin and North Dakota and Northern Illinois can be reached by short haul, while Missouri, Kansas and Oklahoma will be patrolled by pipe lines and the Missouri river.

TWO KANSAS CITIES

325,000 POP.

Insurance risk will prove to be the salvation for the oil producers and will raise the stage of the present oil trust oppression in Southern Kansas and Central Oklahoma. It is within our reach, and is a grant and thickly populated territory, filled with people who are anxious to get the best and most cheaply purchased the superior qualities of refined oil from the Uncle Sam Company as soon as it can reach them.

Reaping Its Promises and Completing Work.

Everyone who has followed the developments of the Uncle Sam company from the start, now over six months ago, must admit that the company has made good on the word go. It promised to be selling refined oil at its Cherraville plant five months from the time it was organized, and it has done so. It has promised to build a pipe line to the Missouri river and refinery No. 2 on the banks of the Missouri river, and it has begun on schedule time. It has the pipe laid well under way and work commenced on the refinery. The company's first two years will have them both completed. Now this is the kind of a company to know with. It has kept its promise

cretary.

Riverside, San Bernardino and Orange Counties.

(NEWS REPORTS FROM TIMES CORRESPONDENTS.)

SAYS ELDRIDGE IS SLAYER.

ACCUSED IN SAN BERNARDINO OF ROMO'S DEATH.

Prisoner, When Informed That His Companions Have Made a Confession Implicating Him, Breaks Down but Almost Instantly Regains His Nerve.

BY DIRECT WIRE TO THE TIMES: SAN BERNARDINO, Sept. 12.—(Exclusive Dispatch.) The coroner's jury this afternoon returned a verdict in the case of Ernest Romo to the effect that the deceased came to his death by a gunshot wound inflicted by Fred Eldridge.

Eldridge was not present at the inquest, and not until the verdict had been formally returned to writing and reported to the District Attorney and Sheriff did he learn that his companions, Harry Goss and Sam Jackson, had confessed to his connection with the case.

When told for the first time this evening that he had been charged with murder, and that Goss and Jackson were his accusers, Eldridge flushed, then all color left his face, and he grasped the bars of the cell to prevent himself from falling. A moment later he regained his wonderful nerve, and with an ironical laugh exclaimed: "It's all a mistake. I'm not afraid of the outcome."

When pressed for a statement he excused himself, stating that his friends would do all the talking for him, but for the present he would remain silent. Tonight, the District Attorney drew up a complaint charging Eldridge with murder. This will be sworn to before Justice C. L. Thomas in the morning, and Eldridge will be arraigned immediately after the warrant is served upon him.

BUG CHARGES AT REST.

The Board of Supervisors and County Horticultural Commissioners held a session yesterday to discuss the work of the commission, which Supervisor Nelson charges is conducted on too expensive a scale to the fruit grower, as well as to the county. Supervisor Nelson charged that some growers had to pay as high as \$1 a tree to have their groves sprayed, while in some instances the employees of the commission were given to "soldering," and the county was paying men for eight hours' work a day who did not work half that time.

Secretary S. A. Pease of the commission replied that the cost of spraying and fumigating orchards varied with the size of the orchard, and that some instances there had been where the cost to the grower had been as low as 5 cents per tree, and even 1 cent. With regard to the "soldering" of the employees of the commission, Secretary Pease said that the Supervisor had charged that some growers had to pay as high as \$1 a tree to have their groves sprayed, while in some instances the employees of the commission were given to "soldering," and the county was paying men for eight hours' work a day who did not work half that time.

MAKES ONE CHECK GOOD.

Policeman Jack Ketting has received from the Chief of Police, Phoenix, Ariz., \$150, which that officer collected from A. A. Greenbaum, the worthless check man. After operating extensively in Los Angeles and the place, Greenbaum fled and was captured in the Arizona town on instructions from the police of Los Angeles. It appears that Greenbaum had run up a bill for \$7.50 at a local rooming-house, and gave the landlady a worthless check for that amount. The proprietor, who is a woman who cannot well afford to lose the money, reported the circumstances to Policeman Ketting, who sent the check to the Chief of Police of Phoenix, with a request that he have Greenbaum make good, which was done.

SCAMPER TO PAY.

There has been a general scamper among property holders to settle for improvement bonds issued in 1931. This is owing to the preparations of the bond holders to bring suit, with the probability that the suit will be disastrous to the property holders against whom the bonds stand as liens on property. Among the property holders refusing to pay, because it was supposed payment could not be collected through the courts, was a local church.

THIS WOMAN FURIOUS.

A young woman named Aldridge last night attacked C. R. Long, a shooting gallery proprietor, with a brick, dealing him a number of vicious whacks over the head and face. The assault was because she supposed that he had been circulating rumors which reflected against her character. She was accompanied by her brother, who was with her when she was taken into custody. She was badly bruised. No arrests have so far been made.

WARD IS JAILED.

Harry Ward, who was captured recently at Redlands, by Mrs. I. N. Conklin, a 19-year-old matron, who charged him with stealing her purse from her carriage, was brought to the County Jail last night to serve six months for petty larceny. He will probably also have to face a charge of breaking jail.

HIGHLAND.

GREATEST MONTH FOR LUMBER. HIGHLAND, Sept. 12.—In the month of August the Brookings Box and Lumber Company cut the largest quantity of lumber at the Fredonia mill that has ever been turned out in one month since the mill has been in operation. The total number of feet sawed was 1,230,254. The largest day's run was 73,235 feet, the largest run ever made in one day by the mill, and this on August 8. There is no mill in the South that has a capacity of turning out that amount for a day or for the month's total.

J. E. Brookings says that the total run for the season will be nearly 10,000,000 feet, which will far exceed last year's output.

There are now in the yards at Fredonia about 1,000,000 feet of lumber at Highland are rapidly filling. Eighteen teams are constantly at work hauling lumber down from the mountainside of them hauling 5500 feet at a load, though the Brookings teams are restricted to 3000 feet.

The lake is well filled with logs, and the mountain trains are bringing in many carloads daily. The weather per-

FIRES AROUSE COLTON TOWN.

FIREBROS ARE WORKING THERE. IT IS BELIEVED.

Flames Have Several Times Recently Been Discovered in the Residence District, Where It Undoubtedly Destruction of Homes Would Have Followed—Officers on the Trail.

COLTON, Sept. 12.—The town is aroused over the repeated fires which have occurred recently in one of the principal residence sections, endangering many of the most beautiful homes in the city.

On Saturday evening the barn belonging to I. W. Brink, on the same alley with three other barns, which have burned in the last few weeks, was completely destroyed by fire. On the same day George Osborne's barn, a block below, was twice set on fire. Again yesterday the Osborne barn was in flames.

That this is the work of incendiaries is believed to be a fact. At each fire there has been a strong odor of kerosene, and hay and shingles have been found saturated with the oil. The people are thoroughly excited over the danger to property, should the fires continue. It is only by the exceptional work of the fire department that a block of beautiful homes has been saved from destruction.

ORANGE COUNTY LAND BOUGHT.

SYNDICATE TAKES HOLD WHERE THE TROLES GOES.

Forty Acres on Western Edge of Santa Ana Gathered in by Los Angeles Men for About Twenty-five Thousand Dollars, to be Sold in Lots.

SANTA ANA, Sept. 12.—Forty acres

in the western part of town near where the Pacific Electric car will enter from Los Angeles was purchased this week by a group of capitalists headed by the Townsend-Robinson Investment Co., H. S. Hastings and Los Angeles men. It will be subdivided and marketed in town lots. The aggregate price reported paid is about \$25,000.

The purchase includes the P. M. Conkle ranch of four acres on a First street, sold for \$3000; the A. A. Adams ranch, adjoining the Conkle ranch on the west, fifteen acres, sold for about \$7000; the ten-acre tract, adjoining the Pacific Electric subdivision on the west, owned by Smart, Bunker & Anderson, sold for about \$6000; one acre belonging to A. Carter, sold for a reported price of \$500. The Conkle place was sold to H. B. Hastings and the Adams place to the Townsend-Robinson Investment Company. The first two purchases were made by Nicholas A. Baskin and D. T. Brock, and the others through Smiley & Forgy.

DEATH OF MRS. A. V. SMITH.

FULLERTON, Sept. 12.—Mrs. A. V. Smith, aged 35, who had been ill for three years, died at the family residence at 1014 E. 10th street, leaving a widow and three children. The family is one of the best known in North-Orange county. A. V. Smith having resided here over thirty-five years. Mrs. Smith had also resided here nearly twenty years. She was a sister of Edwin Clark, formerly of Needles, and Ray Clark, formerly of Needles, but now of Fullerton.

HUNTINGTON BEACH.

SONS ENTERTAIN VETERANS. HUNTINGTON BEACH, Sept. 12.—The Sons of Veterans entertained their sons last evening at the veterans' entertainment. The program included a speech by George W. Conant of Los Angeles, division commander of that order of soldiers' descendants.

WARD IS JAILED.

Harry Ward, who was captured recently at Redlands, by Mrs. I. N. Conklin, a 19-year-old matron, who charged him with stealing her purse from her carriage, was brought to the County Jail last night to serve six months for petty larceny. He will probably also have to face a charge of breaking jail.

HIGHLAND.

GREATEST MONTH FOR LUMBER. HIGHLAND, Sept. 12.—In the month of August the Brookings Box and Lumber Company cut the largest quantity of lumber at the Fredonia mill that has ever been turned out in one month since the mill has been in operation. The total number of feet sawed was 1,230,254. The largest day's run was 73,235 feet, the largest run ever made in one day by the mill, and this on August 8. There is no mill in the South that has a capacity of turning out that amount for a day or for the month's total.

J. E. Brookings says that the total run for the season will be nearly 10,000,000 feet, which will far exceed last year's output.

There are now in the yards at Fredonia about 1,000,000 feet of lumber at Highland are rapidly filling. Eighteen teams are constantly at work hauling lumber down from the mountainside of them hauling 5500 feet at a load, though the Brookings teams are restricted to 3000 feet.

The lake is well filled with logs, and the mountain trains are bringing in many carloads daily. The weather per-

TWO WOMEN CLAIM HUSBY.

SCENE IN RIVERSIDE: TALK OF EXTORTION.

Mrs. Valliant Produces Marriage Certificate to Substantiate Her Claim to Husband, but the Other Woman Just Talks—Says She Will Make Things Warm for Him.

RIVERSIDE, Sept. 12.—(Exclusive Dispatch.) Elizabeth Marshall, hailing from San Bernardino, drove into Riverside with her brother late today, and entering a Main-street barber shop, created the greatest excitement by loudly declaring George F. Valliant, an employe, to be her lawful husband for whom she had been in search for the past year.

Another woman, who has lived with Valliant in a lodging-house on Seventh street, soon how in sight and for several hours Valliant was kept busy answering a rapid fire of queries propounded by the two women, both of whom claimed him as their husband. The Marshall woman carried the certificate bearing the signature of Rev. Charles L. Miel, rector of St. Paul's church at Sacramento. The document shows the couple to have been married in that city on May 11, 1934, with Mrs. Elizabeth Marshall as a witness.

"This Marshall woman must answer for all the stories she told here today," continued Mrs. Valliant. "I am the only wife my husband has, and she's a liar."

When questioned Valliant acknowledged that he had lived with Marshall, and admitted he had lived with her as some time previous to his meeting with the present Mrs. Valliant. The man refused to state whether or not he was the husband of the Marshall woman as his lawful wife.

Mrs. Marshall in a fine fury departed from San Bernardino. She declared it to be her intention to retain an attorney, and make things warm for Valliant.

The latter declared it is merely a scheme to extort money from him, and Marshall asked for a \$10 contribution during her heated interview today.

SKIPS CHARGE OF LIBERTIES.

NO EVIDENCE OFFERED ON THAT POINT AT RIVERSIDE.

Three Cook Children, Alleged to Have Been Mistreated by Their Stepmother, Fear, are Turned Over to the Custody of Their Aunt in the County Seat—Moore Says.

REVEREND WIRE TO THE TIMES.

RIVERSIDE, Sept. 12.—(Exclusive Dispatch.) It was a smiling and gaily-chattering group of children which, following the announcement from Superior Judge Noyes that Ruth, Beanie and William Cook would be given into the custody of their aunt, Mrs. Jessie E. Cook, of Riverside.

The children, over whom a legal battle has been waged for the past two years, appeared to perfectly understand and were satisfied with the decision to leave the home of their stepmother, James Fear of Rincon.

An to the guardianship of Fear's own two children and the management of his deceased wife's estate, Judge Noyes will render a decision later.

A large amount of testimony was introduced by the defense today tending to show that Fear had always treated his stepdaughters in the most fatherly manner. In defense of the allegation that the suit was not properly clothed, it was shown that Ruth Cook had been given six dresses in the past year and a half, and a fine chase material at a Corona dry goods store on her stepmother's account.

Fear was placed on the stand as the final witness, but beyond showing that he had settled all of the outstanding claims of his wife's estate, and that he had no funds, no defense was set up regarding the serious charges of Ruth and Beanie.

An amusing incident of the day's proceedings was the manner in which Ruth Cook set herself up as an assistant to her attorney and with pencil in hand furnished her legal adviser with voluminous notes of the direct examination of witnesses for the defense.

"GEN." MOORE BEGGING.

"General" A. W. Moore, celluloid collar, brass buttons, Union Mission Army button and persuasive tongue, began a visit of Riverside business houses in search of funds for his alleged charitable purposes this afternoon.

He was fairly under way when he ran across a policeman who had read the exposé of the "general" and his methods in The Times.

"General" began the copper, "It is reported around here that you are a crafter."

The solicitor of alms immediately began his highly elaborate and somewhat rambling explanation of his intention of remaining here another day. The authorities have an idea of their own.

Local agents and suburban correspondents of The Times who wish copies of the issue of September 12, containing the brilliant account of The Times Labor Day and of the "General" and his methods, may obtain a copy by applying at The Times office in person or by letter.

LOSS OF APPETITE

Cold Sweats, Twitching Nerves and Weakness Cured by Dr. Williams' Pink Pills.

Nature punishes every infraction of her laws, and careless habits easily lead to the condition described by Mr. William Browne, of No. 1019 Lincoln street, St. Joseph, Mo. Mr. Browne is an expert tinner in the employ of the National Blount Co. He gives the following account of a trying experience:

"In the spring of 1903," he says, "while I was regularly working as my trade, I grew somewhat careless in my habits of eating and drinking, and finally found that my appetite was failing, and my nerves were out of order and cold sweats would break out over my body at odd times. Perhaps, while I stood talking with some one, this trembling of the limbs and profuse sweating, and a severe chill would seize me. I became alarmed at my condition and, having read an endorsement of Dr. Williams' Pink Pills, I got a box and began to use them. They helped me at once. After I had used one box the twitching of the nerves, the trouble with the stomach and the cold sweats stopped and I began to eat and sleep better. I am now as well as ever, and my appetite is good. I have told all my friends that Dr. Williams' Pink Pills cured me and I recommend them to everybody."

Dr. Williams' Pink Pills cured Mr. Browne because nothing can strengthen the nerves except good rich red blood—and Dr. Williams' Pink Pills actually make new blood. They don't act on the bowels. They don't bother with mere symptoms. They drive from the blood the cause of anemic indigestion, nervous disorders, general weakness and the troubles of growing girls and women.

The pills are guaranteed to be free from opiates or harmful drugs. Sold by all druggists, or by Dr. Williams' Medicine Company, Schenectady, N. Y.

ANAHEIM.

VALLEY NEWS ITEMS. ANAHEIM, Sept. 12.—A number of people of Buena Park will this year send their children to the Anaheim High School.

The local Turners will give a picnic at Columbia Grove, Sunday, May 13. Many Los Angeles Turners are expected on a special train.

J. Parker commenced the erection of a six-room residence on the old Parker place that was on the corner burned three months ago.

Mr. and Mrs. John Kupin, Miss Foster, Miss Dunn, Louis Kroeger and Wallace Scott, who were in the month's outing at the Capitano Hot Springs.

Good Results

AND PERMANENT CURES

Are sure indications of a physician's ability to successfully treat disease. We ask the public to judge us by results.

For years Dr. Harrison has given his energies and strength to perfect himself in knowledge that shall insure to his patients relief and lasting cures. The highest attainment in professional knowledge has been his aim. A thorough college education supplemented by hospital work in his chosen specialty, with many years' experience, have peculiarly prepared him for his work, viz., that of treating diseases of men. No physician on the Pacific Coast is better qualified or has attained better results. You are cordially invited to call and interview him.

Well-known San Francisco man testify to the wonderful merits of

Nau's Dyspepsia Cure

Honest John Delaney, located for 17 years at 144 Market street, testified that he has been a very sick man for 10 years with stomach trouble, vomiting twice a day during this time; had terrible pains in the pit of the stomach. Since commencing on

have not vomited. It relieved me at once; have taken quite a few bottles and consider myself perfectly cured. My friends, Mr. Crawford, Mr. and Mrs. Burns, were also cured. Mr. Burns, ex-mayor of San Francisco, testified that he was cured of his stomach trouble by Nau's Dyspepsia Cure.

His friend, Mr. Crawford, 1515 Ellis street, said: "I was troubled with stomach trouble for 10 years. I have taken all a 'v' of medicine without any permanent cure. I must admit after I had taken Nau's Dyspepsia Cure, I am cured. I must admit after I had taken Nau's Dyspepsia Cure, I am cured. I must admit after I had taken Nau's Dyspepsia Cure, I am cured."

Subscribed and sworn to before me this 23rd day of September, 1934.

Notary Public in and for the City and County of San Francisco.

Many medicines like pepper, soda, charcoal, cayenne, etc., are used to cure stomach trouble, but they cannot cure. Nau's Dyspepsia Cure is the only medicine that cures stomach trouble. It is a medicine without any permanent cure. It is a medicine without any permanent cure. It is a medicine without any permanent cure.
